Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

There is currently only a piecemeal protection of human rights across other legislation. This doesn't give a consistent level of protection of human rights in all situations.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes, such an Act is an important step in protecting citizens from intrusive or repressive government. In an age where so much communication is electronic and open to interception and misuse by third parties and government agencies the formal protection of individual human rights is essential.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

The rights of landowners to the uninterrupted enjoyment of their land has been severely impacted by making it an offence for landowners to obstruct any CSG extraction companies accessing their land for exploration and extraction.
