Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No. Marginalised folk living on the edge of society, the disadvantaged, disabled and unwell living impoverished lives shaped by socio-economic disadvantaged and poor health-human and social capital are silenced by the apparatus of government and unseen social controls. The disadvantaged need the support of enforceable rights

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

yes. See above

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

The mental health participants that I work with, hidden from view, isolated and stigmatised struggle, on a daily basis to gain access to the support services that they need. They should not have to fight to access these resources. They have a right to fair treatment and support.
