**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

No.  
I believe it is important to state the basic principles of human rights in overarching legislation as a yardstick to measure other legislation and actions by government and its agencies against so as to ensure that basic standards are maintained.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

Yes.  
For the reasons stated above.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

Yes. My wife's families rights were prejudiced by an action by a government agency 30 years ago and there remains a level of anger and outrage at this action.
