Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

Not sure, compared to some countries we have lived in, things seem OK, but that is from the perspective of white privilege. I understand members from multicultural communities would like to see a human rights act in Qld, and I support them on this.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes, because it is important to ensure rights are not eroded, or that human rights do not become secondary to corporate rights.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

I know friends in indigenous community have told me about things, such as stolen wages and other issues that seem to indicate the need for a Human Rights Act. In some ways I feel that ongoing gender inequality and domestic violence are human rights issues, I think even the fact that huge corporations can get away with paying no tax is a human rights issue, but then I am not a lawyer.....and don't start me on the refugee situation.....
