Hi there Committee,

I'm Holly, a University Student from Port Douglas in Far North Queensland. For ten years I have been working in hospitality, and over that time I have worked in high end fine dining.

Over the time of working in these restaurants I have seen abuse, bullying and harrassment more times that I can count. Nothing is done, no one says anything and those living in these 80 hour a week conditions are too afraid to speak up because they don't want to go against those in power.

However, the power is being abused to torment the little guys. This is something I really think needs to change.

I truly believe that a human rights bill will give those little guys a voice. I believe that a human rights bill is exactly what Queensland needs to protect the people.

It's not the big players in the city we need to protect, it's the people in the rural areas, who get little acknowledgement when it comes to injustice, abuse of power and bullying.

A human rights bill will hold government accountable to protect the people. This is why they have been put into parliament... Isn't it?

I vote yes for a Human Rights Bill.

Yours sincerely,
Holly Acquisto
