Subject: Summary Offences and Other Legislation Amendment Bill 2019 comments
Date: Monday, 7 October 2019 9:20:56 PM

Hello,

I am extremely disappointed to see a LABOR government introducing this sort of legislation. Demonising peaceful protesters is the sort of thing I would have expected to see coming from the Bejelke Peterson government. Especially concerning is that the majority of what is covered under this bill is already covered under other legislation.

I seriously expected better of a LABOR government.

Sincerely disappointed.

David Russell
