Dear Members,

Thank you for the opportunity to provide feedback on the Summary Offences and Other Legislation Amendment Bill 2019.

I am writing to you to express my deep concern and opposition to these new laws, which are disproportionate, overreaching, and appear to have no evidential basis.

We should be actively communicating with all of the community and making real fort to change for the better. In my opinion using these devices is a effort to communicate to wider society that there is an issue we need to seriously consider and overcome.
