Dear Research Director,
Please find below a submission by a sex worker who has asked that we forward after taking off their identifying details. We hope that you can appreciate that many sex workers fear retaliation and/or have privacy concerns which stop them from responding directly.

Yours truly,

Re: Youth Justice (Boot Camp Orders) and Other Legislation Amendment Bill 2012

My submission : Discrimination to sex workers.

For 16 years I have been a Trans sex worker doing street work, brothel (in Sydney) and private situations.
In Queensland I work as a sole private operator servicing clients privately In and Out calls.
Occasionally I tour Townsville, Brisbane, Gold Coast, residing in Cairns.
When touring, my operation is very private, discrete, respectful to clients and locality.
Always leaving the premises neat and tidy.
I screen my clients thoroughly when they ring to make a booking.
At the slightest hint of intoxication, rudeness, inappropriate suggestions or requests which I will not comply,
I would politely terminate the conversation.
In 16 years I have not had a difficult or threatening situation with clients or accommodation.
Always treating reception and housekeeping staff in a friendly and casual attitude, my relationship
with hotels and motels is amicable.
We Trans sex workers pay good money for accommodation and contribute to Tourism \$\$\$ for Queensland.
Sex Work is my choice, legally appropriate in this Democratic, Free, Lucky Country !

Trans Cairns sex worker.
