Hello,

Just to say that the Main Beach vibe is being wrecked by these new changes.

Main Beach is somewhat different to the rest of the Gold Coast in that it is still a bit personal i.e. it is not a concrete jungle / thank God!!

These changes are done to satisfy developers only.

Perhaps take some high-rise further inland if housing is in demand.

Please don't wreck this beautiful place.

Greed is a terrible thing!

Kind regards

Graeme and Barbara Hughes.
