**Re: Births, Deaths and Marriages Registration Bill 2022 (Qld)**

The [REDACTED] would like to thank the Queensland Department of Justice and Attorney-General for the opportunity to comment on the **Births, Deaths and Marriages Registration Bill 2022 (Qld)**.

As a national leader of the nursing profession, [REDACTED] supports all measures that will improve the health and wellbeing of all members of the Australian community. We view this as a welcome initiative to help address the complexities that trans and gender-diverse people struggle with when approaching their affirmation. To accompany the legislation, [REDACTED] considers it imperative that clear and legible resources are developed, suitable for a person of eleven years old to understand.

[REDACTED] notes there is now more clarity around the term 'developmentally informed practitioner' within the legislation, a change [REDACTED] condones.

If there is a requirement for further information, do not hesitate to contact the Director of Policy and Advocacy at [REDACTED]

Yours sincerely
