

Births, Deaths and Marriages Registration Bill 2022

Submission No: 129
Submitted by: Jack Murray
Publication: Making the submission and your name public

Submitter Comments:

I am a nonbinary individual who has struggled with the current laws around differing gender identities, this bill would be a large step in the right direction in order for the state to be more inclusive as a whole. This bill will help thousands validate their identities on a wider scale.
