

## Births, Deaths and Marriages Registration Bill 2022

**Submission No:** 144  
**Submitted by:** Nikola Lusk  
**Publication:** Making the submission and your name public

### Submitter Comments:

I support this Bill to allow people to align their legal identity with their lived identity. Ensuring that trans and gender-diverse people are able to legally recognise their identities is another step towards our society breaking free of the colonial-era restrictive binary gender norms.
