Submitter Comments:

I would like to show my support for the Births, Deaths and Marriages Registration Bill 2022, in particular, the move to strengthen self-declaration rights for all Queenslanders. These are vital changes required to support trans and non-binary members of the community, so they are not misgendered at death and are instead, shown continued respect for their self-declared identity after they pass away. The Births, Deaths and Marriages Registration Bill 2022 would ensure all Queenslanders' rights are strengthened through the legal recognition of trans and gender diverse people.
