

## Births, Deaths and Marriages Registration Bill 2022

**Submission No:** 280  
**Submitted by:** Susan Etheridge  
**Publication:** Making the submission and your name public

### Submitter Comments:

Changing this law would mean a lot to many transgender Queenslanders. Currently, they are denied the right of having their legal gender match their true gender identity. Also, people should have the opportunity to just not record a gender. Gender got taken off drivers licenses a long time ago because it's irrelevant.
