SUBMISSION TO THE LEGAL AFFAIRS AND SAFETY COMMITTEE, QUEENSLAND PARLIAMENT

Birth, Deaths and Marriages Bill 2022

Shane Joseph Carr, Stakeholder

Dear committee members,

Please reject the changes to part 5 of this bill that is a dangerous attack on WOMEN.

It will open up too many opportunities for predators to enter safe spaces set aside for Women and the children they are caring for.

Statistically, Women earn less than men. Women become the primary carer of children after relationships end the majority of the time.

Any Women fleeing an abusive relationship has limited resources to draw upon. Women may have little to no family support in this situation. Women are physically weaker than men.

Historically, Women have endured all types of harassment and abuse in the workplace, in public, in the home. To allow access via legal self sex id to Women's safe spaces(Rape crisis centres, Domestic Violence shelters, Women's toilets etc) is fraught with danger and open to manipulation by despicable and unconscionable individuals.

it is imperative that that our society protects our most vulnerable. Our laws need to reflect that objective.

Sincerely, Shane Carr. 11/01/23
