Mission Statement: At Xplor Early Learning Centre Coomera, we are dedicated to providing high-quality, nurturing care and education for young children. As the educational leader, I am committed to fostering a collaborative environment where experienced educators inspire and mentor the next generation of childcare professionals. We are actively seeking passionate volunteers, particularly high school students with Blue Cards, to support our educators in the classroom. By offering hands-on work experience, we aim to enrich the learning journey for both our students and volunteers, helping them work towards their childcare certification. We believe in the power of learning through practice and are hopeful this initiative will spark an interest in the childcare profession, ultimately addressing the growing demand for qualified educators in our community. Volunteers will have the opportunity to work alongside our skilled team in various age rooms, gaining invaluable insight into early childhood education. Thank you for considering joining our mission to shape the future of childcare. Warm regards, Clementine Educational Leader Xplor Early Learning Centre Coomera
