### **Submitter Comments:**

I have been volunteering with CommuniFY (a local community support organisation) for the last 11 years in various capacities including Meals on Wheels, Support for people with young onset Dementia and general transportation for community members. I have found it extremely satisfying being able to contribute to the community and have met a cross section of my community that I never would have met otherwise. I expect to continue for many more years and hope that appropriate funding is made available in order for this service to continue.
