

Local Government (Empowering Councils) and Other Legislation Amendment Bill 2025

On the Gold Coast we have a self serving mayor, using his position to enrich himself and his mates. Example: buying council land at a fraction of the list price. We are talking millions of dollars here.

The mayor is more interested in overdeveloping the Gold Coast for his own benefit, a definite conflict of interest. Town plans are thrown out of the window to make shady deals with developers.

A number councillors are in on the act as well, taking \$ from developers to get approval for their proposed developments.

The council should be working for the ratepayers [REDACTED]

Empowering the council will only make this corruption much worse.

Corruption needs to be stamped out, not encouraged. Thank you, concerned ratepayer.
