Queensland Parliament.

### **A Safe Constitution for All people Should Embody the Laws of God**

**When a government enacts laws in opposition to the laws of God it is in real strife for God will not be mocked.**

**When God says – Thou shalt not kill – and governments pass legislation, as in Victoria, allowing late term abortion, it is the worst kind of murder and will not go unpunished.**

**When governments denigrate the sanctity of marriage between a man and woman by putting same sex couples on an equal footing by law, as in some states, the government must expect retribution.**

**When governments allow their education departments to set immoral and depraved books for students to study in their English classes, as in many states, it is a foundation for a society ripening for destruction.**

**When the acquisition of wealth and power is the over-riding principle of both government and people we destroy ourselves, as we can see by the Economic collapse. In Revelation 18 John graphically describes this situation when he says, “And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise any more... for in one hour so great riches is come to nought.”**

**Throughout the ages God has warned through his prophets, of this day when the earth “...shall burn as an oven; and all the proud, yea, and all that do wickedly, shall be stubble: and the day that cometh shall burn them up, saith the Lord of Hosts. (Malachi: 4 v1; Rev. 16: 8-9; 18 : 8. )**

**I did not know that Queensland did not have a Constitution but you can be sure that whatever is written, if it does not have the laws of God as its basis it will be unjust and doomed from the start.**
