Attention: Parliamentary Law, Justice and Safety Committee

I refer to the State Government's new *Local Government Electoral Act* and advise that Banana Shire Council at their recent monthly meeting endorsed the submission prepared by the Local Government Association of Queensland on the *Review of the Local Government Electoral System*, and with the inclusion of the following –

"That if the Electoral Commission of Queensland continue to run the local government elections, they ensure it is adequately resourced to declare the election result in a timely manner."

Yours sincerely
