The Research Director,
Legal, Constitutional and Administrative Review
Committee,
Parliament House,
Brussels
Dtd,

Dear Sir/Madam,

I wish to make the following
submissions to your Committee,

- ① Essential to basic rights of the individual is the right to the private possession of firearms
- ② That every one has the right to their use for personal protection
- ③ That a citizens home is his castle and he has the right to use what ever force or means to protect himself or his family against intruders that he deems necessary

I believe that the above are as important as the other basic rights of freedom of speech and ownership of property.

Yours faithfully
Charles M. Ebo
