alcohol destroys lives, destroys marriages, families, homes & the community in general.

People abused by alcohol & those effected around them have long lasting effects.

In the end it is the government who have to pay out welfare to those girlfriends, boyfriends, husbands & wives & people who have loss of income due to alcohol abuse & mismanagement & therefore can't hold down a job or keep their family together. The children suffer greatly.

Overall the less alcohol the better & the world would be a better place, but it starts right here with us to start to make that change!

Thank you!
