Boony Committee

Dear Sir

In the Brochure sent in the mail I would like to ask why anyone has to gussel grog late hours of the morning, these people would not be going to work next morning they are probably people who are collecting the dole and have three or four kids to collect from how many children are doing without food and clothing from the rat bags that are (drinking rate payers money) these people have no incentive in getting a job because they are too well paid by the Government to waste it on grog these people that are not trying to get a job should have the dole cut to 1/2 instead of surfing all day away from night. and also (why) is the Government allowing these high percent alcoholic drinks be allowed to be sold to teens as young as (twelve years old.) there's one publican here in Leewards bragging about how his supply of teenage drinks has jumped rattling money into his till.

I would love to see the pubs close at midnight there would be less drunks on the road less road deaths and less mayhem for the traffic police.

(School Bullies) I would like someone to visit schools with two or three Marshall Arts experts bring out the Bullies in front of the class and see how good they are as a bully & would show them up in front of their classmates

PS Please reply

The more grog sold the more money for the Government

PS Moon takes any notice of me so it will get worse + worse  
from the dole twenty four hours a day  
like the pubs in Quebec Canada

Yours faithfully  
Ray Klose
