Dear Sir/Ma'am, I believe a 3am close would be good for starters. We have hotels which are early openers therefore you have plenty of time to get to a hotel. We should follow the Mareeba model and have all establishments join an alliance against unruly patrons. This would include suspensions for people guilty of assaults or evictions from a premises. I believe for this to work you would need every hotel and licenced venue to be part of any alliance. Having seen the CBD first hand last weekend after a Saturday night it is a disgrace. I was at Rusty's and the garbage and food scraps left behind by Saturday night patrons makes the city look unattractive to visitors and locals alike.

Guss Lambden
