Dear Sirs

Watching the idiots perform after midnight in Brisbane Pubs + Clubs I knew its waste of time in re writing because no one will take a scrap of notice to what I am saying

Government Collected \$363 million dollars from liquor sales last year what a nice revenue raiser they wouldn't care if the Pubs + Clubs stayed open 24 hours a day I mentioned 12 o'clock closing which should have been in force years ago get these idiots. Thats I fill up with alcohol & it out behind the wheel on the streets and highways

else! Ban the 8% drinks sold to teenage drinkers its all a big joke

in America at one time beer alcohol was cut down to 2 1/2 percent

Many homes in Queensland fridges are stocked with alcoholic drinks that's mum + Dad gupped so its no wonder why the kids a sucking on the Rubbish its been known kids as young as 12 have been drunk at parties here in Toowoomba

send the parents to Alcohol Anonymous

it is no wonder that there so many Homeless kids on the streets

Please
