Sir,

I would like to urge your committee to consider banning the use of how to vote cards at elections. Apart from the environmental considerations; the huge waste of paper and energy to produce and print them; it would save voters the trauma of walking the gauntlet when they have to vote.

Now that candidates are listed under their party affiliations, how to vote pamphlets are not needed. If there is an argument for them, there can be one of each on the walls of the election booth. That's a much better system than the one currently in place.
