Hi

How are you this fine and sunny day?

Regarding the Ombudsman and Information Commissioner. I THINK THEY ARE BOTH TOOTHLESS TIGERS. They continually take the side of the public service, do not take any punitive action or any action at all for that matter. The staff are lazy and continually take the easiest path to resolve the complaint against the complainant.

As they stand they are a waste of time and a waste of money. As they provide no service to the community.

Hi

How are you this fine and sunny day?

Thank you for your fax.

I would like to refer you to a complaint I made to the FOI Commissioner reference number FOI ref#2006/F0209. Here I complained about Caboolture Shire Council's refusal to supply me with flood maps under FOI and there long delay in replying to my request, over 60 days, only after I complained to the commissioner. Council staff refuse to admit the maps exist or are available. I have copies of maps that they have given to other people free of charge as proof that they are lying and Mines and Energy say that they sell the maps to Council every year. The FOI commissioner just keeps on relaying what council has told them and refuses to make a fair decision regarding my complaints. They seem to be taking the Council's side in the matter rather than the complainant's.

Yours Faithfully
