Dear Sir,

**RE: Inquiry into the Prevention of Electoral Fraud**

Reference is made to your letter dated 13 September 2000 and attached Issues Paper – September 2000 in regard to the above.

The Council, at its meeting held on 3 October 2000, resolved to respond to your Issues Paper with the suggestion that electronic voting be investigated by your Committee as a possible option for future voting arrangements.

The Council feels that the majority of issues/concerns raised in your Issues Paper would be able to be addressed using current day electronic technologies and accordingly this is the basis of Council's suggestion to your Committee that electronic voting be investigated as a possible option for future voting arrangements.

If you have any queries in this regard, please contact the undersigned.

Yours faithfully,

**R A FAULKNER**  
**CHIEF EXECUTIVE OFFICER**
