

RE: Inquiry into the CCC's investigation of former councillors of LCC

I feel there has been a travesty of justice and the Crime and Corruption Commission should be held accountable for their unethical actions against the Logan City Councillors. An investigation is imperative.

I am suggesting that Trevina Schwarz receive an ex gratia payment to compensate for her wrongful conviction for the following reasons.....

- Loss of former identity
- Stripped of dignity
- Move out of Logan due to publicity of investigation
- Two years of unbearable suffering
- Loss of income & job status
- Loss of expectation of life
- Health deterioration
- Devastated family & friends
- Loss of privacy
- Presumed guilty

Trevina had gone above & beyond to protect and genuinely cared about the community by being....

- HONEST
- CARING
- COMPASSIONATE
- ENERGETIC
- INTELLIGENT

- ETHICAL
- GENEROUS
- MOTIVATED

I lived in Logan for thirty nine years and knew many Councillors and Mayors and met very few that performed up to Trevina's standards. She was, and is morally exemplary.
