Subject: RESPONSE - Correspondence from the Chair of the Parliamentary Crime and Corruption Committee
Importance: High

To the Committee Secretary,

Children's Health Queensland Hospital and Health Service (CHQ) has considered the scope of the inquiry and do not have any particular comments from a CHQ legal perspective.

Not substantial, however, CHQ notes that it may be helpful for the CCC to be able to take no action or discontinue an action where they have already dealt with that particular complaint or subject matter of the complaint before (by amending section 46(2)(g)(i) or (iii)).

Cleared by the Executive Director Legal, Governance and Risk.

Kind regards,

Office of the Health Service Chief Executive
