PARLIAMENTARY CRIME AND
MISCONDUCT COMMITTEE

Dear Brook

I sincerely request the opportunity to make a personal submission to the PCMC during the Three Year Review in relation to how CMC complaints are dealt with, and in particular, in relation to the devolution process, the lack of transparency of the process and the need to strengthen this process so that all Queenslanders can have confidence in the CMC.

I particularly highlight issues involving Queensland Health and Local Government.

Thanking you in anticipation

Yours sincerely
