I Own 2 Limousine Service Licences

I Request the Committee look at the proposed fee of \$237 for a booked hire licence

This fee is way too low when presently the govt leases limo service licences for \$2480 per year

Regards Allan Hughes

I own 3 Taxi Service licences

I request the committee look at the proposed booked hire licence fee of \$237 per year

I provide for my family on the rental of my taxi licences presently \$800 per month

If the \$237 becomes law then my taxi licences will return less than \$20 per month

as a booked hire licence is virtually a taxi service licence

Regards Allan Hughes
