Hi my name is Jasmin I use uber for transport and I do recommend more people to join uber. It is a faster way to get from place to place. It is a cheap and safe transport, easily reachable by the uber app and it also tracks where you or where the uber is. I do enjoy being a rider because of great service, comfortable rides, drivers are very friendly, they provide free water on the road and drives riders to places on time unlike some other transports. If there is no transport uber is always available. It shows you how long they'll be and where they're or dropping you off. I do enjoy using uber and I do recommend others to join and ride along with uber.
