

Re: Transport & other Legislation (Personalised
Transport Reform) Amendment Bill 2017

Dear Committee Secretary, I'm writing to voice my
concern re the Bill and how it will negatively
impact volshare drivers like myself.

I retired as a legal receptionist 2 years ago and am
single and supplement my pension by driving for
Uber. Since retiring have been depressed and Uber
driving helps me mentally as well as financially.
Incurring further charges extra CTP limiting areas
we can drive will have a huge impact on myself &
other Uber drivers who will stop driving as well
as the Uber riders who will be impacted.

My riders love riding with Uber in our clean
vehicles and Uber customer service.

The fact that the Govt government can suggest
the increases is quite ludicrous and revenue raising.
Uber offers a great service to the public and I
love the fact I can drive when it suits me. I am
sure myself and many drivers WILL NOT be able
to continue to drive if they have to incur the
increases proposed. I will be speaking to my
local member.

Yours faithfully
