Dear Sir/Madam

It is with more than considerable concern that I learnt of the changes proposed in the SPOLA Bill re the awarding of costs in the Planning and Environment Court.

This is a deliberate attempt to silence the community and allow developers to rape as they please. We do not live in this area to be like Brisbane and the Gold Coast. We value our lifestyle and much work has gone in over past years to preserve our area for ourselves and for those who follow us. I think, if this present government continues in the manner in which they started they will not see a second term. I have always voted right wing, but this pandering to those who would destroy our lifestyle with no respect to either community, wildlife or environment has alienated me so much, I cannot support this government any longer.

For the sake of all Queenslanders, this Bill cannot succeed and should be seen for what it is – cronyism.

Yours faithfully

Glenda Ernst
