Subject: Deletion of Section 6
Date: Friday, 12 October 2012 7:33:28 AM

I am emailing to advise of my opposition to the amended Section 6 – ‘Awarding of costs in the Planning and Environment Court.’

I request this amendment be deleted as this Newman Government are performing contradictory plans.

On the one hand you are spending money on advertising the need to protect koalas and their habitat, while on the other you are introducing plans that will deter any court action to protect such habitats.

The people are fed up with our Governments being ‘empire’ producers rather than being for the people. Bligh eventually was moved on due to her inability to listen, what difference is Newman?

Jenna Oakley
