STATE DEVELOPMENT, INFRASTRUCTURE
AND INDUSTRY COMMITTEE

To the members of the committee,

Mr Ian Rickuss MP, Chair, Member for Lockyer

**Ms Jackie Trad MP, Deputy Chair, Member for
South Brisbane**

Mr Jason Costigan MP, Member for Whitsunday

Mr Sam Cox MP, Member for Thuringowa

Mr Shane Knuth MP, Member for Dalrymple

**Mrs Anne Maddern MP, Member for
Maryborough**

Mr Michael Trout MP, Member for Barron River

**I am writing to make a submission to the Vegetation
Management Framework Amendment Bill 2013.**

**I appreciate the efforts to reduce tape, either red or
green, to make life easier for business and
government. I also recognise the importance of the
economy to the state.**

**I object to the proposed changes to the Vegetation
Management Framework Amendment Bill 2013**

though, as it does nothing to assist the environmental aims of the act. The point of green tape and red tape is to make sure due diligence is done before action takes place.

It has been too easy to pillage the environment for too long. the few safeguards we have must remain in place.

We cannot consider opening areas like cape york to mining while they are under consideration for world heritage listing.

Yours Sincerely

Eric Mckenzie
