

Submission 40.

Dear Sir,

Re-vegetation
Management Framework
Amendment Bill -

As a AgForce member
I fully support their
proposals. In my own
particular case I feel
"HELL" is about to
descend upon my life.
I am fourth generation
farmer. Ratepayers of
the old Noosa Council
recently voted to
deamalgamate very high
percentage, where does
that leave the other
20% of rural area?
I feel the new council
will be extreme green.

What protection will
the proposed Management
Framework Amendment
Bill offer genuine
farmers??
Not having divisions
in the new Council
is beyond believe.

Yours faithfully
Jan Pealy
