**Subject:** Vegetation Management Framework Amendment Bill

*Submission 41.*

09.04.2013

To whom it may concern,

We own a freehold property situated on the Darling Downs, North-West of Toowoomba. Our enterprise consists of both cattle and cropping.

The current Vegetation Management Act in its present form is unrealistic and therefore we support Ag Force's recommendations for change.

Landholders need to be able to control remnant and regrowth vegetation. The reasons for this are primarily weed control, safety and productivity.
