**I, as a Queensland primary producer,** strongly support the changes you have proposed with this Bill.

**My production type is** beef cattle

**The land tenure on my property is** freehold

**I have Remnant Vegetation found on my property** Unsure

**I have High Value Regrowth Vegetation found on my property** No

**My main issue/s with the current vegetation management framework is:**  
The length of time to utilise a permit/development approval is too short (currently 5 years) and doesn't allow for long-term property planning  
Incorrect mapping  
Overregulation of activities that are routine and essential to the management of my property (for example clearing for fence lines, firebreaks, roads, or infrastructure)  
Over-administration or administration of vegetation management by inexperienced departmental staff
