**Submitter Comments:**

A distinction should be made between electric bicycles and electric motorbike styles. The motorbike styles incl fatboy style bikes should be classed as motorbikes and have those rules and regulations applied to them. Happy to have ALL styles subject to some form of registraion wirh plates, so they are identifiable. Better cycle paths would help, esp separating pedestrian and cycle paths.

Education in schools for bike riding road and path rules would be helpful, or even Council run courses. Completion of a course should be mandatory with an endorsed card issued to rider. Schools or Councils could be responsible for doing this??
