Submitter Comments:

Unfortunately walking on the Oceanway between Tugun and Kirra has become very dangerous with the explosion of E bikes. The regular lack of consideration for others and the extreme speed of these bikes has spoiled a wonderful asset in this area. It would appear these bikes will have to be registered and ridden on the streets by people with a licence as most of them are really motor bikes. Their speed capability should define which ones need to be registered and taken off the paths.
