Submitter Comments:

Concerns of speed of bikes on footpaths. I avoid walking on main pathwaysI have seen translink buses having to give wayI have seen a large group of ebikes going through red lightsI have seen 3 on an ebike with a surf boardI consider them too powerful to be ridden on footpathsI think they need to be registeredNo point saying anything fear of abuseDon't like the ebike ad on beach not safe & cause erosion should not be putting such ideas in mindsI have read about higher accidents more work for emergency and police servicesUnsure why they were allowed in first placeThought I would send my thoughts, rare now as I see no point and usually feel I am wasting my time.
