Submitter Comments:

The ebikes are extremely dangerous along the public pathways. The speed they go will kill someone. We live at Kirra and see near misses daily. The bikes must be registered, insured and an age group perhaps over 18. When we get our car licences there is 120 hours training before we get tested. There are kids about 12 riding extremely fast on the roads with no helmet, it's just ridiculous. Please make it law to have them registered, insured and an appropriate age group riding these bikes before people die. And it will happen unfortunately. Thank you.
