Submitter Comments:

Great that the government is conducting an inquiry. These E-Bikes are great,,,,but they are crazy dangerous and need control. Review should address the following- 1) they need to be registered.

2) safety helmets for all under 18. 3) speed limits for riders under 18. 4) only single file on paths and roads. 5) if used on public roads they need to have 3rd party property protection. 6) limit to 2 people per E-Bike. Good luck.
