Submitter Comments:

I feel there needs to be control on the age, speed and road rules of users. They need to be registered and have insurance against damage to other vehicle's as well as injuries to persons. At the moment they just ride wherever they like and at any speed they like, on 1 or 2 wheels, we've seen them going through Bermuda St and Christine Ave intersection up on 1 wheel in the middle of the traffic, no care or responsibility, I don't know why its taken so long for anything to be done, it's so reckless. We walk from Burleigh to Nth Burleigh on the pathway and these E bikes and scooters roar past and weave in and out of walkers, you don't hear them coming. My husband was nearly knocked over on Tallegbudgera bridge, which is supposed to be a "Dismount " area!!
