Submitter Comments:

I am an employee of Education QLD and I supervise a school crossing every afternoon and have done for years. In the last 12 months I have witnessed a huge increase in unsafe bicycle use. Especially amongst the local high school students. The e bikes and scooters fly past us and we have had so many near misses with students crossing the road. The bikes rarely stop at a red light and the students never wear bike helmets. I have had e bikes doing wheelies and ride with a mobile phone in their hands. I am very concerned for the welfare of these young people.
