Submitter Comments:

I constantly witness kids on e-bikes and performing dangerous stunts on the roads. While i have to obey the road rules and do 60km, i am being passed by these kids doing ridiculous speeds. I have even seen them go straight through red lights with no regards to our road rules. These bikes should be registered, insured and licensed just like motor bikes, and there should be a law that stops kids under 18 being allowed to own them. Yound kids on E-scooters should also be banned from walkways.
