Submitter Comments:

I have been living at my address for 9 years now, I feel like I can't safely go outside because of e-scooters, e-bikes and skates boards. They don't obey any rules and travel in excess of 20kms an hour. My poor assistance dog has been hit and run over so many times that now she barks when ever she hears them and all these people do is taunt her. Over the years we have gone outside less & less because of the attitude of these people. If you ban the above items, it will make it easier for us to go outside and enjoy our walks once again. Please note that it is also impossible for me to defend myself when I can't TALK!!
