### Submitter Comments:

I have witnessed the complete disregard, in That in regards to the huge uptake of e mobility. In the case of school children riding e scooters/bikes at speed and the lack of safety near pedestrians. The location that I know about is from the Lake Orr bridge into the Aldi parking at Varsity lakes . The Aldi parking lot is a magnet for many and at school close appears to be a no road rules zone. This will be repeated all across the country with pedestrians especially the elderly will be at risk. There is no accountability and little chance of apprehension, under present circumstances. Policing is impossible and not happening. The issues are obvious , perhaps not so much the solutions.
